

SYNXIS CR CHANNEL CONNECT PARTNER LIST

Increase Channel Management Efficiency

Channel Connect integrates the SynXis CR with online travel websites using the industry standard OpenTravel Alliance (OTA) XML specifications. This connectivity to hundreds of websites means the SynXis CR Control Center becomes your channel manager.

KEY BENEFITS:

- Widens distribution of inventory at a lower cost
- Eliminates the need to manage separate extranets
- Distributes property data, rates and availability directly from the SynXis CR
- Decreases manual distribution efforts when coupled with a one or two-way interface between the SynXis CR and hotel's Property Management System
- Enables hotels to better differentiate their products at the retail points of sale
- Allows for creation of distinct rate strategies per channel
- Provides properties and chains the ability to build their own custom booking engines

Our constantly expanding list of channel connect partners is regularly updated and currently includes the industry's leading global travel websites. Maximize revenue through participation in the right mix of channel connect programs.

The Choice is Channel Connect:

The following pages list our current channel partners, detailing affiliate sites and target markets. For more information contact your Sabre Hospitality Solutions Account Manager.

FEATURES

ARI (availability, rates and inventory) updates to the most popular online distribution channels

Reservation delivery into SynXis CR from the most popular online distribution channels *
